New England's Largest  
Rare Coin Dealership

### HOW TO BUY COINS FROM THE SOURCE

Dear Coin Dealer,

New England Rare Coin Galleries is one of the leading retailers of rare and choice United States coins in the world. However, few people realize that more than half our business is wholesale, to other dealers. Virtually every major dealer in United States coins buys coins regularly from us. Remember, we're in New England, where many United States coins come from. And being New England's largest rare coin dealer, a lot of those coins get offered to us.

We want you to be able to buy from the source, too. So we have issued this price list for dealers only. All of our coins are listed with our retail price, and then your net wholesale price right next to it. The margin will vary depending on our cost and other factors. You'll like the grading — other dealers tell us it's the most conservative and accurate in America.

You'll find us very easy to do business with. We'll help you locate those items your customers need, if we don't already have them in stock. And we'll gladly ship anything to you on approval, if you supply us with adequate credit reference, or if you're already known to us.

I am looking forward to working with you. Give me a call or write to me today. If we work together, we can both profit.

Best regards,  
New England Rare Coin Galleries,

Chris Tracey  
Director, Sales Department

P.S. We are always interested in purchasing nice U.S. material. We will pay you a finders fee when you refer a collection to us. (Call Russ Vaughn of our purchasing department). We also conduct major public auction sales at least three times a year, and offer reduced commission rates to dealers. (Call or write Lee J. Bellisario, President of New England Rare Coin Auction Auctions, Inc.).

<b>EARLY HALF DOLLARS</b>				
1796 15 STARS, CH. AU(55+). Don't let our conservative grade fool you — this is traditionally one of the most overgraded of all U.S. type coins. The present coin is fully proof-like with full denticles and partially raised edges. Attractive violet and gold toning. Exceptionally well struck with 100% full hair detail, stars, wing and tail feathers and eagle's head. Nearly 50% full breast feathers. No adjustment marks probably no actual wear; just the barest traces of friction in the fields and on the highest points. In our opinion, there are only two real Unc's of this type (and only one of this date) in collectors' or dealers' hands.	140.00	175.00

1842 LARGE DATE, UNC(60). Beautifully toned. Strictly original and well struck with frosty mint bloom.			700.00	795.00
1843 BORDERLINE UNC(55+). Sharply struck, original with full mint bloom. The usual mailorder "Ch.Bu".			350.00	395.00
1854 ARROWS, CH. AU(50+). Lightly toned. A bit softly struck.			150.00	195.00

Both coins are in private collections. Of all the so-called proofs and Unc's of this type we've seen offered in the past 5 years, this is the only one we have considered to be even strictly AU! This is easily the finest small eagle half dollar to be offered in sale in the past five years. The dealer we purchased this from graded it Gem Unc and second finest known. We agree with the latter part, and we are proud to offer this coin properly graded as Choice AU. When you see the coin, you will realize that our price is very reasonable.

1806 PT.6, STEM THROUGH CLAW, UNC(60). Attractively toned. A choice coin with gorgeous lustre and even natural toning. Fairly well struck for this notoriously weak issue. No major bagmarks or impairments of any kind. A beautiful coin, worthy of the finest collection.

#### EARLY HALF DOLLARS

1796 15 STARS, CH. AU(55+). Don't let our conservative grade fool you — this is traditionally one of the most overgraded of all U.S. type coins. The present coin is fully proof-like with full denticles and partially raised edges. Attractive violet and gold toning. Exceptionally well struck with 100% full hair detail, stars, wing and tail feathers and eagle's head. Nearly 50% full breast feathers. No adjustment marks probably no actual wear; just the barest traces of friction in the fields and on the highest points. In our opinion, there are only two real Unc's of this type (and only one of this date) in collectors' or dealers' hands.

Some of the stars are flat, as are the eagle's right claws and the lower portion of the arrows. Otherwise this coin is exceptionally well struck for an O mint.
